招生簡章**

Harbin Medical University has a long history and fine tradition. Back in 1926, Dr. Wu Liande founded Harbin Medical University after successfully controlling the plague that was raging in China. In the past years of development, the university has trained a large number of health professionals. Its comprehensive strength has been continuously enhanced. Many research and medical achievements have attracted the attention of the world.

I. Eligibility

1. Master's program applicant

(1) Applicants must be non-Chinese citizens generally under the age of 35, be mentally and physically healthy, and possess a valid regular passport.

(2) Applicants should be a graduating student of a bachelor's degree program or hold a bachelor's degree or above.

2. Doctoral program

(1) Applicants must be non-Chinese citizens generally under the age of 45, be mentally and physically healthy, and possess a valid regular passport.

(2) Applicants should be a graduating student of a master's program or hold a master's degree or above.

Note:

(1) Foreign citizens of Chinese origin, including former Chinese citizens who have obtained foreign citizenship, as well as the non-Chinese descendants of present or former Chinese citizens, will be subject to a preliminary review of citizenship status by HMU during the admission stage, and to verification of citizenship by the entry and exit administration department of China's public security authorities. Applicants who fail to pass the preliminary review or verification of citizenship will be deemed to have voluntarily relinquished their eligibility for admission, as well as the subsequent academic registration that they may obtain.

(2) In accordance with Article 5 of the Nationality Law of the People's Republic of China, a person whose parents are both Chinese citizens and have both settled abroad, or one of whose parents is a Chinese citizen and has settled abroad, shall not have Chinese citizenship if he or she has acquired foreign citizenship at birth. If such a person applies to study in a bachelor's degree program at HMU as an international student, in addition to meeting the University's all other application requirements, he or she is required to have held a valid foreign passport for at least 4 years and have actually resided in a foreign country for at least 2 years in the past 4 years (as of April

30, 2023) (9 months of residence in a foreign country counts as a full year). The dates of the entry and exit stamps in the passport will be followed in the determination of the actual length of foreign residence). This requirement is also applicable to residents of the Chinese Mainland, Taiwan Hong Kong or Macao who have emigrated to a foreign country and obtained foreign citizenship and are applying to study in a bachelor's degree program at HMU as international students.

II. Application Timeline

Nov 1, 2022—Mar 31, 2023 (late applications will not be accepted)

III. Application Procedures

Applicants should apply through the HMU online application system for international students at <https://hrbmu.at0086.cn/StuApplication/Login.aspx>. (Email: cie@ems.hrbmu.edu.cn; Tel: +86 (0)451 87086250).

Applicants are expected to keep their phones on and check their online application account and email regularly as HMU's Admissions Office may contact them when necessary.

IV. Application Documents

Applicants must fill in the application information truthfully in Chinese or English in the application system and upload the following application documents:

1. Application form

2. A scanned copy of the first page of the passport

3. Bachelor's and Master's degree certificates (with the stamp of the school)

(1) Bachelor's and master's degree certificates should be certified by the Ministry of Education or the Ministry of Foreign Affairs of the issuing country.

(2) Graduating students should submit a Certificate of Expected Graduation, issued by their schools. They should obtain the expected degree certificate before their entry to HMU.

(3) The originals of the diplomas and certification documents should be made available for verification upon enrolment at HMU.

4. Academic transcripts for bachelor's and master's degree studies (with the stamp of the School)

Doctoral program applicant: Master's degree holder should submit a complete set of academic transcripts for both their bachelor's and master's degree studies.

Master's program applicant: Bachelor's degree holder should submit a complete set of academic transcripts for their bachelor's degree studies.

5. Study or research plan (no less than 1,000 words in Chinese or English)

6. Two Letters of Recommendation signed by professors or associate professors, written in Chinese or English.

7. Language proficiency certificate, English proficiency requirements for English-medium MBBS program

Applicants should present a TOEFL certificate with a score of 70 or above, or an IELTS Academic certificate with an overall score of 6.0. Applicants who have taken all courses in English during their studies are exempt from the TOEFL or IELTS certificate requirement, but a medium-of-instruction certificate from school should be furnished. Native English speakers are exempt from this requirement.

8. Physical exam certificate or report

9. Certificate of No Criminal Record, The applicants shall submit a valid Certificate of No Criminal Record issued by the local police, usually within 6 months before the date of submission of the application.

10. Other supporting documents, such as financial support guarantee statement, competition awards, merit certificates, community service or special skills certificates, may be submitted in the “Other Supporting Materials” section in the application system as well.

Notes:

(1) After the application is submitted, the applicant will not be able to modify the application information or application materials. Therefore, before submitting your application, please check carefully to ensure that the information and materials submitted are comprehensive, true and complete. Applications with inaccuracies or omissions will not be accepted by the University.

(2) If any forms, documents and certificates used in the application are in languages other than English or Chinese, they should be accompanied by a notarized translation into Chinese or English in addition to the original documents. It is recommended that these documents and their translations be notarized at the Chinese embassy (consulate) in your home country. Please stamp on the edges of all sheets with part of the impression on each sheet if the document consists of more than one page; alternatively, stamp on each page of the document.

(3) In general, there is no need to mail original hard-copy materials through courier service. However, under extraordinary circumstances, the University reserves the rights to require applicants to mail original hard-copy documents for further review and identification. No application materials will be returned, regardless of the outcome of the application.

V. Academic Programs

HMU implements diversified and innovative talent cultivation modes aimed at equipping students with a wide range of knowledge, a solid grounding in theory, interdisciplinary expertise, strong practical skills, and a global perspective. HMU provides various fields of studies, including programs:

Catalog	Field	Program Index	Program
Science	Biology	071003	Physiology
		071006	Neurobiology
		071007	Genetics
		071008	Developmental biology
		071009	Cell biology
		071010	Biochemistry and molecular biology
		071011	Biophysics
	History of science and technology	071200	History of science and technology
Engineering	Biomedical engineering	083100	Biomedical engineering
Medicine	Basic medical science	100101	Human anatomy and histoembryology
		100102	Immunology
		100103	Pathogen biology
		100104	Pathology and pathophysiology
		100105	Forensic science
	Clinical medicine	100201	Internal medicine
		100202	Pediatrics
		100203	Geriatric medicine
		100204	Neurology
		100205	Psychiatry and mental Health
		100206	Dermatology and venereology

Catalog	Field	Program Index	Program
Medicine	Clinical medicine	100207	Medical imaging & nuclear medicine
		100208	Clinical laboratory diagnostics
		100210	Surgery
		100211	Obstetrics and gynecology
		100212	Ophthalmology
		100213	Otolaryngology
		100214	Oncology

		1001Z5	Medical genetics

VI. Admission and Selection

1. Verification of qualification

There will be a comprehensive review of the applicant's foreign citizenship, highest degree diploma, academic performance, language proficiency, research plan, recommendations and physical and mental health, etc.

2. Academic assessment

For applicants who pass the verification of qualifications, the related college or school will conduct academic assessment, including evaluation of the application documents and a remote interview or written examination of the applicant if he or she has passed the evaluation. The academic assessment focuses on the applicant's academic capabilities, communicative competence, overall merit, etc.

The college of International Education organized experts to interview the candidates, mainly from the language ability (30 points), professional ability (60 points), comprehensive ability (10 points), three aspects of inspection and evaluation. Each member of the panel scores all applicants for the interview and determines the admission list

3. Check for admission decision

The outcome of application will be published on the application system of the Admissions Office. Admission Notices and Student Visa Application Forms for successful applicants will be mailed out thereafter.

VII. Length of program and Fees

Registration Fee: RMB 800, only pay on the 1st year for registration.

Accommodation: RMB 5,400 per year (two students share one room)

Medical Insurance: RMB 800 per year, pay to insurance company

Category	Category	Max duration of study	Tuition
Master's program	3 years	5 years	40,000RMB
Doctoral program	3 years	8 years	50,000RMB

VIII. Chinese Government Scholarship Programs

This is a full scholarship intended to finance the study of high-achieving young international students in China which have been directly selected and recruited by designated Chinese universities. Eligible applicants should submit their applications for admission and scholarships through the HMU application system for international students within the application period specified in the prospectus; they should also register on the "Chinese Government Scholarship Information System" (studyinchina.csc.edu.cn; Agency No. HMU: 10226).

IX. Heilongjiang Provincial Government Scholarship Program

The Scholarship is open to international students who wish to study in degree programs in Heilongjiang Province. The University will select the best candidates from the pool of students. Applicants should submit their applications for admission and the scholarship through our application system for international students within the application period specified in the admission prospectus.

X. Harbin Medical University Scholarship for new students

HMU itself offers scholarships to doctoral, master's and undergraduate candidates. Scholarship recipients will have their tuitions covered. Moreover, HMU provides monthly living allowances for master's or doctoral candidates in accordance with the standards of Chinese Government Scholarships. Applicants should submit their applications for admission and the scholarship through our application system for international students within the application period specified in the admission prospectus.

XI. Monitoring, complaints and action for misconduct

1. Under the guidance of the University's Student Recruitment Leadership Group, HMU's international student recruitment is jointly conducted by its Admissions Office and the relevant schools/colleges.

2. Applicants are responsible for the truthfulness and accuracy of the information and documents they have submitted. New students' admission qualifications will be rechecked upon their entry to HMU. Failure to meet the admission regulations for international students or any falsification or misrepresentation will result in disqualification of enrollment in accordance with the regulations of the educational authorities and the University.
