

## Belt and Road Symposium

Time: 13:00 (Beijing Time), Nov.30<sup>th</sup>, 2021

Zoom Meeting ID: 889 6463 5136

Code: 211130

Welcome speech by Dean of School of Pharmacy, Fudan University

Chair: Rongqin Huang

Beijing Time	Local Time	Session
13:10-13:40	14:10-14:40	<b>Biomedical Application of 3D Bioprinting in Tissue Engineering</b> Dong Nyoung Heo, Kyung Hee University, Republic of Korea
13:40-14:10	09:40-10:10	<b>Crocini: From saffron's beautiful flower to a magic bullet against cancer</b> Amr Amin, United Arab Emirates University, The United Arab Emirates
14:10-14:40	11:10-11:40	<b>Biodegradable and biocompatible nanoparticles for enhanced therapeutic efficacy and safe oral delivery of docetaxel-sulfobutylether-<math>\beta</math>-cyclodextrin inclusion complex: in vivo pharmacokinetic evaluation</b> Muhammad Akhtar, Islamia University of Bahawalpur, Pakistan
14:40-15:10	14:40-15:10	<b>Plasmonic Nanostructures for Diagnostic and Therapeutic Applications</b> Hongwei Duan, Nanyang Technological University, Singapore

Chair: Cong Li

Beijing Time	Local Time	Session
15:20-15:50	10:20-10:50	<b>Thietane-containing heterocycles. A new line in pharma product development</b> Enikeeva Kadriya, Bashkir State Medical University, Russia
15:50-16:20	09:50-10:20	<b>Marrying biology, ion beam technologies, and nanotechnology: A multidisciplinary journey</b> Karen Jacqueline Cloete, University of the Western Cape, South Africa
16:20-16:50	09:20-09:50	<b>New tools to investigate tumour metabolism by MRI and Relaxometry</b> Silvio Aime, University of Torino, Italy
16:50-17:20	14:50-15:20	<b>Overcome drug resistance by nanoparticles</b> Yingqiu Xie, Nazarbayev University, Kazakhstan

Closing Remark by head of School of Pharmacy, Fudan University
